

CertKit: Project Management Professional (PMP) – 2021 update

The Project Management Professional (PMP)® is the world's leading project management certification. Now including predictive, agile and hybrid approaches, the PMP® proves project leadership experience and expertise in any way of working. It supercharges careers for project leaders across industries and helps organizations find the people they need to work smarter and perform better.

The PMP certification is designed by project professionals, for project professionals and validates that you are among the best—highly skilled in:

- **People:** emphasizing the soft skills you need to effectively lead a project team in today's changing environment.
- **Process:** reinforcing the technical aspects of successfully managing projects.
- **Business Environment:** highlighting the connection between projects and organizational strategy.
